

INDIAN HILLS FIRE PROTECTION DISTRICT

INSPECTION FEE SCHEDULE

Effective Date: March 23, 2017

1. The following fees shall be charged for the identified inspections by the District Fire Marshal:

- a. Site Inspection. Driveway access and other fire protection aspects of a residential property **without** a cistern or sprinkler system. Fee: \$150.00

The inspection includes a written letter notifying the property owner of the results along with a letter of approval to Jefferson County and the builder.

- b. Site inspection **including** a cistern or sprinkler system for a residential property. Fee: \$300.00

The inspection includes rough and final inspection of the driveway, cistern or sprinkler system, a written letter notifying the property owner of the results along with a letter of approval to Jefferson County and the builder.

- c. Commercial Building Plan Review. Fee: \$500.00

The inspection includes preliminary review of the site and building plans, review of cistern and/or sprinkler system plans, rough and final inspections and a written letter to the property owner of the plan review results along with a letter of approval to Jefferson County and the builder/developer.

- d. Inspection of a Cistern or Sprinkler System not associated with a site plan. Fee: \$150.00

The inspection includes the rough and final inspections, a written letter notifying the property owner of the results along with a letter of approval to Jefferson County and the builder/developer.

2. The fee schedule outlined above will remain in effect unless modified or updated by the Indian Hills Fire Protection District Board of Directors.
